

Faceplates and Standoff Rings

**Mount couplers on the wall
or in a surface-mount box.**

FEATURES

- Easily mount up to four couplers on one faceplate.
- Choose from 1-, 2-, or 4-slot faceplates.
- Faceplates available in durable plastic or stainless steel.
- Standoff Rings provide extra space (1") behind the faceplate, so fiber cables maintain the proper bend radius.
- Labels included.

OVERVIEW

With our faceplates, you can mount up to four couplers on a wall or to a surface-mount box. They are available in white, gray, and ivory.

To cover mounting screws and provide instant identification, write-on designation labels are included.

The faceplates come in plastic or stainless-steel versions, and they can be mounted to a wall, a surface-mount box, or a Standoff Ring.

Standoff Rings are used with installations that need extra space behind the faceplate. The 1" ring ensures the proper bend radius for optical fiber or other multimedia applications.

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
