

## LightCrimp ST Termination Kit Connector System

Everything you need  
to crimp fiber connectors  
like a pro.

## FEATURES

- » Terminate, cleave, and polish fiber.
- » No epoxy needed.
- » Kit has ST® connectors; SC connectors are also available (sold separately).
- » Complies with EIA/TIA 568A standards.

## OVERVIEW

Here's everything you need in the field to make SC or ST fiber optic crimp connections on unterminated cable. The kit includes micro and miller strip tools, polishing accessories, a cable stripper, a cleave tool—the list goes on and on. Detailed instructions take you through the crimping process step by step.

The kit works with multimode 50- or 62.5µ fiber cable that has an individual jacket; it is not intended for use with bundled fiber cables. Order connectors separately.

## Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

### Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by *Data Communications* magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.

## What's included

### LightCrimp ST Termination Kit (FT510):

- ◆ (1) micro strip tool (0.008)
- ◆ (1) combination strip tool
- ◆ (1) cable stripper
