

## Elite Series Wallmount Cabinets

**Flexible cabinet design adjusts to your changing equipment and cable configuration.**

## FEATURES

- Convenient, secure, and complete with power supply and mounting accessories.
- Right- or left-handed access.
- Variety of cable entrance/exit ports.
- Mounting rails are easy to adjust.

Lock both the front and back doors to limit access to valuable hardware.

Three cable knockouts on the top and bottom provide many cable management options.

## OVERVIEW

Organize your data-communications equipment with the Elite Series Wallmount Cabinet. Choose 24" H (61 cm), 12U; 36" H (91.4 cm), 19U; or 48" H (121.9 cm), 25U. Perfect for schools, small businesses, and workgroups, this convenient cabinet lets you arrange your equipment and cables to suit your application.

The cabinet comes complete with an accessory kit, which contains the following:

- (4) door keys.
- 75" (190.5 cm) of rubber grommet edge guard for cable protection.
- (50) 10-32 Phillips cup-head screws for panel and equipment mounting.

Your equipment and cabling is secure, too! The front door and middle sections incorporate grabber catches so that the door and middle section can be held shut without being locked. A lock is then available to lock both sections for added security.

And adjusting the mounting rails is a breeze. Your Elite Series Wallmount Cabinet is equipped with 19" EIA mounting. Mounting rails are provided with a standard  $\frac{5}{8}$ ",  $\frac{3}{8}$ ",  $\frac{1}{2}$ " EIA hole pattern, and the holes are tapped for 10-32 hardware.

## Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

### Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
