

Telephony Accessories

**Whether you need spare telephony parts
or enhancements, Black Box has the
accessories you're looking for.**

FEATURES

- Order amplifiers to enable your phones to interface with headsets.
- Choose from a number of cords with Quick Disconnect connectors.
- Earhook accessories and clothing clips are available for our 2.4-GHz Wireless Headset System.

OVERVIEW

Black Box carries a complete line of telephony accessories that work with your headsets.

Amplifiers

The amplifiers for BLACK BOX® headsets operate as an interface between your telephone and headset. Two models are available:

- Multi-Purpose Amplifier (HS100A-R2), and
- Two-Prong Carbon Amplifier (HS101A).

The Multi-Purpose Amplifier works with most phones on the market today that have modular handset connectors. It features a sliding volume control and a clickless mute switch, and comes with two AA batteries.

For the Multi-Purpose Amplifier, you might also need the following:

- 12" (30.5-cm) Cord for Multi-Purpose Amplifier (HS503)
- Headset Stand for Multi-Purpose Amplifier (HS513)
- On-Line Indicator for Multi-Purpose Amplifier (HS490)

The Two-Prong Carbon Amplifier works with phones that have two-prong headset ports. This amp offers standard gain and a three-position volume control that locks your preferred volume level into place. It has an integrated 18" (45.7-cm) coiled cable with a Quick Disconnect connector at one end and the two-prong connector on the plug-in amplifier end.

Cellular Phone Adapters

If you'll be using your headset with a cellular phone, choose the appropriate adapter:

- Mobile Adapter for Nokia 5100/6100 (HS536)
- Mobile Adapter for Motorola® 5200/7200, MicroTAC® Series, TelTAC® Series, and more (HS546)

Other Cords and Adapters

Select the appropriate cord or adapter to suit your needs:

- Unamplified Connect Cord, Quick Disconnect to Norstar Modular Plug (HS504)
- Coiled Computer Cord, Quick Disconnect to Dual 3.5-mm Plugs (HS508)
- 10-foot (3-m) Extension Cord between Disconnects (HS505)
- Quick Disconnect to 2.5-mm Headset Adapter (HS509)

Accessory for the 2.4-GHz Wireless Headset System (HS300A)

- AC Transformer for 2.4-GHz Wireless Headset System (HPS302)

Accessories

- Computer Earbud (HS502A)
- Clothing Clip for Headset Tops, Plastic (HS511)
- Clothing Clip for Headset Tops, Plastic, 10-Pack (HS512)
- Cradle Mate (HS514) lifts the handset on phones without a pushbutton hookswitch

Accessories for the Pro-Fit Headset

- Pro-Fit Earhook (HS528)
- Pro-Fit Earhook Pads (HS529)

HS100A-R2

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p.m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
