

Video Security Cabinet

Keep multimedia equipment out of harm's way.

FEATURES

- Weight capacity of 70 pounds.
- Fully welded 14-gauge steel construction.
- Locking front door.
- Cable access ports.
- Fan cooled.
- Adjustable levelers.
- Includes an adjustable solid shelf.
- Dust-resistant and tamper-proof.

OVERVIEW

The Video Security Cabinet is designed to securely contain non-rackmount equipment such as DVRs. Its sturdy construction and locking door keep your valuable equipment safe from theft and tampering.

The features you're looking for

The secure locking front door is field reversible with removable hinge pins, so you can have the cabinet door open in the direction that's convenient for your space.

Equipment stays cool with a built-in 20-cfm fan to keep air circulating within the cabinet. Two 2" rear cable access ports provide access for network and power cables.

The Video Security Cabinet is preassembled for easy setup. An adjustable shelf is included, and adjustable levelers offer maximum flexibility.

Video Security Cabinet	RM910A
Swivel Casters	RM913
Additional Solid Shelf	RM914

Why Buy From Black Box? Exceptional Value. Exceptional Tech Support. Period.

Recognize any of these situations?

- You wait more than 30 minutes to get through to a vendor's tech support.
- The so-called "tech" can't help you or gives you the wrong answer.
- You don't have a purchase order number and the tech refuses to help you.
- It's 9 p. m. and you need help, but your vendor's tech support line is closed.

According to a survey by Data Communications magazine, 90% of network managers surveyed say that getting the technical support they need is extremely important when choosing a vendor. But even though network managers pay anywhere from 10 to 20% of their overall purchase price for a basic service and support contract, the technical support and service they receive falls far short of their expectations—and certainly isn't worth what they paid.

At Black Box, we guarantee the best value and the best support. You can even consult our Technical Support Experts before you buy if you need help selecting just the right component for your application.

Don't waste time and money—call Black Box today.
