

Bracket Master

Master terminations with this
flip-down, adjustable bracket.

FEATURES

- Ideal for small networks of 20 to 40 drops.
- Side panels are self-locking.
- Dual hinges slide into place—without tools—for super-fast installation and enable easy access from the left or right.
- Power up your hubs simply by attaching your power strip on the back panel.
- VELCRO® strips secure the cable from the wall to the patch panel.
- Flip a patch panel down 110 degrees for super-easy terminations and maintenance.
- Square hole in the center of the back panel enables you to run cable through the wall and the bracket when wallmounting.
- Provides 4U total rack space—2U for modular connections and 2U for switches.
- Slides out from 10 to 15 inches (25.4 to 38.1 cm) to accommodate various size switches.
