

State & Local Government and Education Application

Please submit this form to your Black Box Account Manager along with project details so that this opportunity can be officially registered to your company. The first Partner to register an opportunity will receive the largest discount Black Box extends to any reseller or integrator participating in Black Box's standard reseller/integrator discount program at the time of your submission of this application. Such discount will only be applicable to the opportunity described in this application.

Because this registration is intended to protect our Partner's efforts in promoting and specifying Black Box products, any BBDR Program Application received after an RFQ/RFP has been released will not be approved without prior consent from Black Box.

NOTE: This Deal Registration Program applies only to opportunities in State and Local Government, Higher Education, and K-12 that involve the purchase and sale of Black Box® labeled products with a list price greater than \$8000.

(Black Box to complete.)
